

WHAT IS THE AMERICAN LEGION?

The American Legion is THE largest veterans' organization in the world, with over 2,900,000 members in the 50 United States, the District of Columbia, and 4 foreign countries.

Founded in 1919, The American Legion has been a moving force for fair treatment of this nation's veterans, their families, and especially the disabled veterans.

All members of The American Legion are honorably discharged men and women who have served on active duty in the Armed Forces of the United States during World War II, Korea, Vietnam, Panama, Grenada, Operation Desert Storm, and Operation Enduring Freedom either in the United States or overseas.

The American Legion was the largest contributor to the Vietnam Veterans Memorial in Washington D.C. with over \$1.5 million dollars donated by American Legion members nation-wide to this memorial. The American Legion was also a significant contributor to the Vietnam Women's Memorial, Korean Veterans Memorial, and World War II Memorial.

The American Legion conducts programs to benefit the youth of our nation. Notable among these programs are: American Legion Baseball, American Legion Boys State, the American Legion High School Oratorical Contest, the American Legion School Awards program, and the American Legion Americanism and Government Test.

The American Legion founded Boys State in 1935. Since that time the American Legion Boys State program has remained a premier youth program in the nation.
