Dear American Legion Boys State Citizen,

Congratulations and welcome to American Legion Boys State! American Legion Boys State is among the most highly respected and selective educational programs of government instruction for U.S. high school students. I am confident that you will not be disappointed with your decision to participate in this outstanding citizenship education experience. It will influence life decisions in ways that you may not fully realize until years later.

As one of thousands of young men from throughout the nation selected to participate in American Legion Boys State each year, you will experience government in a practical sense. American Legion Boys State is a leadership action program; one that teaches government and its structure. It proves that government is just what you make it. You will find Boys State to be challenging and sometimes demanding, however, I'm certain you will undoubtedly also find it enjoyable and educational.

If this government "... of the people, by the people, and for the people" is to remain strong, it requires the involvement of its citizens. The onus of preparing for that responsibility now rests squarely upon your shoulders and those of future generations. Since 1935 American Legion Boys State has been prominent in producing young men who, just like you, stepped up to become ready for accepting that responsibility. It is possible that a future mayor, governor, congressman, or even president, may be among those in your class of American Legion Boys State citizens. I make this statement because this program has historically been the springboard for many careers in local, state and federal public service. Regardless of the future career path you follow – politics, education, business, medicine, information technology or so forth - you will develop lasting bonds of friendship with fellow Boys State citizens that will extend well after the formal program has ended.

I wish to again extend my best wishes for an interest-provoking, exciting and very fulfilling 2025 American Legion Boys State experience.

American Legion Buckeye Boys State

A Week to Shape a Lifetime

Dear Boys State Delegate:

By attending American Legion Buckeye Boys State, you have distinguished yourself as one of the top young men in the state of Ohio. As such, you have earned the privilege to experience what we feel is "A Week to Shape a Lifetime."

Boys State, on the surface, is going to teach you many things about the operations of the government on city, county, and state levels. You will campaign, hold caucuses, take part in elections, and learn the day-to-day responsibilities of one of the many jobs that are represented here. You and your fellow delegates will work together to come up with solutions to problems, achieve a great number of successes, and, hopefully, learn a lot along the way.

There is more than just an academic side to your learning, however. You will find over the course of your time at Boys State that you will learn just as much about what it means to be a good citizen as you will about government. Your leadership skills will grow, your confidence will be enhanced, and above all, your love and respect for this great nation will rise to new heights.

We are extremely excited to have you here this week and we hope that you feel the same way. The experiences that you have, the friends that you make, and the lessons that you learn will be with you for the rest of your life.

WHAT IS THE AMERICAN LEGION?

The American Legion is THE largest veteran's organization in the world, with a membership of nearly 2,500,000 members in the 50 United States, the District of Columbia, and 4 foreign countries.

Founded in 1919, The American Legion has been a moving force for fair treatment of this nation's veterans, their families, the youth of this nation and especially disabled veterans.

American Legion members were and are honorably discharged men and women who served their country on active duty in the Armed Forces of the United States during World War I, World War II, Korea, Vietnam, Panama, Grenada, Beirut, Operation Desert Storm and the Global War on Terror, at military bases in the United States or overseas.

The American Legion was the author of the G.I. Bill of Rights, which has benefited millions of ex-service personnel since its passage in 1944.

The American Legion was a significant contributor to the building of the Vietnam Veterans Memorial, the Vietnam Women's Memorial; the Korean Veterans' Memorial; the World War II memorial and the renovation of the World War I Memorial in Washington D.C.

The American Legion conducts programs to benefit the youth of our nation. Notable among these programs are: American Legion Baseball, American Legion Boys State, the American Legion High School Oratorical Contest, the American Legion School Awards program, and the American Legion Americanism and Government Test.

The American Legion founded Boys State in 1935. Since that time, the American Legion Boys State program has remained a premier youth program in the nation.

The American Legion, Department of Ohio, which conducts Buckeye Boys State, is one of the five largest Departments in The American Legion organization with a membership of over 100,000 members in nearly 550 American Legion Posts throughout the state.

The Department of Ohio is a major contributor and sponsor to the Veterans Affairs hospitals in the state, the Dayton National Cemetery, the Ohio Western Reserve National Cemetery, Ohio Special Olympics, the Ohio Veterans' Homes, and the *"Gifts for Yanks"* program for veterans in Ohio VA hospitals.

The veterans who comprise the membership of the American Legion are someone whom at one point in their life wrote a blank check made payable to: "The United States of America" for an amount of "up to and including their life".

WHAT IS BUCKEYE BOYS STATE?

Buckeye Boys State is an eight-day “Hands On” experience in the operation of the city, county, and state levels of Ohio government, the Executive, Legislative and Judicial branches, the organization of Ohio political parties, and the relationship of one to the other in shaping Ohio government.

Through the Boys State objective of “learning by doing” you will learn more about the Ohio governmental process in eight days than you would in an entire semester of high school.

Opportunities are available to expand your skills and interests through special program segments on Ohio laws and the Court Systems; Banks and Realty Company operations; Public Utility companies; Law Enforcement; online newspaper operations; social media networks; Legislative Service and School Boards, each conducted by staff members versed in the area of instruction they will cover and each “mirroring” a similar real experience.

One of the finest objectives afforded you by Boys State is the forming of friendships with other Boys State citizens, many of whom may become life-long friends.

HISTORY OF BUCKEYE BOYS STATE

The Ohio American Legion’s first “Boys State” program was held in 1936 in the cattle barns of the Ohio State Fairgrounds with over 440 delegates in attendance.

In the tradition of Buckeye Boys State, the 1936 group of delegates are called “The Founding 400”.

Since 1936, with the exception of 1945 when World War II restrictions forced a suspension of activities and 1952, when a flood prohibited the use of the site at the time, Buckeye Boys State has been conducted annually.

Buckeye Boys State has had many “homes” since 1936. Sites which have been host to Buckeye Boys State are:

| | |
|-----------|--------------------------------|
| 1936-1941 | Ohio State Fairgrounds |
| 1942-1943 | Ohio Wesleyan University |
| 1944 | Otterbein College |
| 1946 | Miami University |
| 1947-1949 | Ohio Wesleyan University |
| 1950-1958 | Camp Perry |
| 1959-1970 | Ohio University |
| 1971-1974 | Ashland College |
| 1975-1977 | Ohio University |
| 1978-2016 | Bowling Green State University |
| 2017- | Miami University |

Each year nearly 1,200 of the finest young men in the State of Ohio attend Buckeye Boys State. Since its inception in 1936, over 90,000 young men of Ohio have experienced and benefited from the Buckeye Boys State program.

HISTORY OF THE AMERICAN LEGION BOYS STATE PROGRAM

The creation of the Boys State program is credited to Hayes Kennedy, who in 1935 was an instructor at the Loyola University School of Law in Chicago and Americanism Chairman of the Illinois Department of the American Legion and Harold Card, the Illinois Department Boy Scout Chairman and Junior High School instructor.

Hayes Kennedy and Harold Card became concerned about a project underway in the late 1930's called "Young Pioneer Camps" promoted by the Fascist Party to attract high school students. At these camps the Fascist Party would advocate the virtues of the Fascist system and the uselessness of Democracy.

Hayes Kennedy felt that a counter movement must be started among the ranks of the nation's youth to stress the importance and value of our Democratic form of government and maintain an effort to preserve and perpetuate it.

The Illinois Department of The American Legion approved Hayes Kennedy's and Harold Card's project and in June 1935, the very first "Boys State" in the nation was held on the grounds of the Illinois State Fair.

From that beginning in Illinois in 1935, the program swiftly spread among other American Legion Departments. By 1941, 34 states were conducting a "Boys State" program. Today, the American Legion conducts a "Boys State" program in 49 states. Hawaii is the only state that does not have a Boys State program. District of Columbia delegates attend either the Maryland or Virginia Boys States.

DO'S AND DON'TS OF CAMPAIGNING

In order to assure fair and honest campaigns at Buckeye Boys State, the following guidelines will be observed by all candidates:

1. NO campaign materials (signs, prepared campaign literature, etc.) can be brought from home. This is to insure each Boys State Citizen starts out on an equal footing and develops a campaign of his own effort and initiative.

It has been the general experience that any delegate who has tried to bring prepared materials with him usually, by decision of his fellow Boys State citizens, achieves no success.

2. Campaign materials such as markers and poster board may be purchased through the Boys State Campaign Headquarters.

The cost of campaign materials are paid from Boys State money or campaign contributions (Boys State money) collected from other citizens. (A deposit of \$1 (real U.S. money) is required to check out the magic markers, it will be returned upon return of the marker)

3. You are permitted to bring photographs or photo reproductions of yourself to be attached to campaign posters.

4. Personal computers are welcome at Boys State and can prove invaluable to your work within the program. HOWEVER, computers CANNOT be used to generate campaign materials. Again, this is to give everyone an equal footing at the start of campaigning.

5. Campaigning is not permitted in the Boys State dining facilities.

6. NO signs should be affixed to any window, painted or glass surfaces, fire equipment, exit signs, elevators, stairwells, or Counselor bulletin boards. Buckeye Boys State is a guest on the campus of Miami University and wishes to take care of the facilities afforded this program.

7. Buckeye Boys State asks for the use of common sense in any candidate's campaign. All campaign signs should be in good taste, free from obscene or offensive language and suggestive or lewd designs.

8. Buckeye Boys State asks each candidate to be a responsible candidate. After the Elections are over, each candidate is required to remove his campaign signs and dispose of them in a proper manner.

BUCKEYE BOYS STATE RECYCLES

BUCKEYE BOYS STATE POLITICAL CONVENTIONS

As part of the Buckeye Boys State political experience, you may participate in a political party convention to determine the goals and philosophies of your Boys State political party and those candidates to represent your party in the Boys State General election.

The party conventions at Buckeye Boys State are based on Ohio political party conventions and operate in the same manner and procedures as found at the real Ohio party conventions.

The Boys State Convention will appoint a Party Platform Committee to develop the goals and ideals of your political party.

As a Boys Stater you have several opportunities to become active in the Party Convention Procedure.

Each Boys State political party will select three (3) Delegates from each Boys State city to attend the Party Convention. One (1) Alternates from each City will also be selected.

Two (2) Convention Delegates from each City will represent that City on the Convention Platform Committee.

If you do not serve in any of the capacities listed, you can still be an active worker in the political process by working for your political party and its slate to promote your party among the Boys Staters prior to the time they go to the polls for the General Election.

The value of the Party Conventions at Buckeye Boys State, just as with the rest of the program, is that all the preparation, organization, and participation is done by the Boys Staters themselves.

The Buckeye Boys State staff will work with you to instruct and guide you, but the actual work will be done by each Boys Stater.

BUCKEYE BOYS STATE GUBERNATORIAL DEBATE

Buckeye Boys State mirrors the real Ohio political process as part of the learning environment into Ohio politics and government.

In an Ohio Gubernatorial campaign, the major candidates seeking the office of Governor debate each other on the issues and philosophies of their respective campaigns in a moderated debate, so the voters may see and hear for themselves where each candidate stands on issues affecting the Governor's race. This helps prepare the voter to make an intelligent decision when they enter the voting booth.

At Buckeye Boys State, as part of the campaign process, a debate will be conducted between the two Boys State citizens nominated by their respective Boys State political party to run for the office of Governor of Buckeye Boys State.

The debate between the two Boys State Governor candidates will be held on Tuesday afternoon in Millett Hall before the assembled voters of Buckeye Boys State and will be moderated by the Buckeye Boys State staff.

In addition, the two (2) candidates from both parties for Lt. Governor, Attorney General, State Treasurer and State Auditor will each field moderated questions.

BUCKEYE BOYS STATE LEGISLATIVE SERVICE COMMISSION

Positions exist within Buckeye Boys State for two (2) young men to serve on the staff of the Buckeye Boys State Legislative Service Commission to learn how the Senators and Representatives in the Ohio General Assembly are supported in the organization, administration, and preparation of the Legislative and Administrative processes of the General Assembly.

The young men in the Legislative Service Commission will hone and expand their computer skills and administrative skills by working with the Senators and Representatives in the Buckeye Boys State General Assembly, several administrative software programs, and professional advisors.

Those young men in the Legislative Service Commission members learn more about the workings of the Buckeye Boys State Senate and House than the individual Senators and Representatives because the Legislative Service Commission support the overall Legislative process.

AMERICAN LEGION BOYS NATION

Following the conclusion of all the American Legion Boys State programs across the country, in mid-July, the National Headquarters of The American Legion conducts a program called: **AMERICAN LEGION BOYS NATION**, held in Washington, D.C., which picks up in the instruction process on government where respective Boys State programs leave off in teaching through “hands on” participation; the Federal level of government.

American Legion Boys Nation is held annually in mid-July at Marymount College in Arlington, Virginia.

American Legion Boys Nation delegates will meet with top legislators from both Houses of Congress, Administration officials, and have an opportunity to meet the President of the United States.

Boys Nation delegates tour the historic sites in and around Washington, D.C. and lay a wreath at the Tomb of the Unknowns at Arlington National Cemetery.

Boys Nation follows the national political process and culminates its program with the election of the President of American Legion Boys Nation.

Two (2) Buckeye Boys State citizens will be selected to represent Ohio and Buckeye Boys State in the weeklong American Legion Boys Nation program.

At Buckeye Boys State candidates to be considered for Boys Nation are nominated by their Section Heads and interviewed by a Boys Nation selection panel, comprised of Buckeye Boys State staff members.

The American Legion National Headquarters pays for the transportation costs of all delegates to American Legion Boys Nation, housing, and meal costs.

In addition to the two (2) principal Boys Nation Delegates two (2) Alternates, who will attend in the event a principal delegate from Buckeye Boys State is unable to attend Boys Nation, will also be selected.

MEDICATION POLICY

The American Legion Buckeye Boys State program has established the following Medication Policy:

PRESCRIPTION MEDICATION(S): Delegates taking prescribed medications as authorized by a physician or other medical practitioner and with knowledge and approval of a parent/guardian will be personally responsible for the control, use as prescribed, and security of such medication(s). Refrigerators are located in each Residence Hall room used by Boys State for medication that requires refrigeration.

Delegates will be personally responsible to ensure that their personal schedule for taking their medication is adhered to.

IMPORANT!!! The welfare and concern of each young man attending Buckeye Boy State is the primary responsibility of the American Legion Buckeye Boys State staff.

To help the Boys State staff be watchful of young men taking prescribed medication(s), a delegate is asked to provide the following information to the Boys State Counselor upon check-in to the Buckeye Boys State City:

1. Type (name) of medication being taken.
2. Schedule of taking medication and dosage.
3. Whether medication requires refrigeration.
4. Side effects of medication.
5. Steps to be taken by the Counselor/Medical staff in the event an adverse reaction to the medication is experienced.

The Boys State City Counselors will not, nor will any other Boys State staff member with the exception of professional, qualified medical personnel on site dispense any medication.

Qualified medical personnel on-site will only dispense medication to a delegate with the permission and knowledge of the parent or guardian.

Boys State City Counselors will monitor the medical needs of the delegates in their charge and will serve to remind a delegate to take medication but will not act in any other medical capacity.

MEDICATION POLICY (continued)

DIABETICS: Please advise the City Counselor of your needs:

1. Schedule of injections, if taken.*
2. Insulin refrigeration needs, if necessary.
3. Blood sugar testing needs, if required.
4. Steps the Counselor/Medical Staff can have available to assist you, such as candy.

*If injections are required to be administered by qualified medical personnel, arrangements will be made by the City Counselor to direct the delegates to medical personnel on site who will provide the services needed.

NON-PRESCRIPTION (OVER THE COUNTER) MEDICATION(S):

American Legion Buckeye Boys State does not prohibit the bringing or use of non-prescription (over the counter) medication(s) by a delegate to the Buckeye Boys State program.

If such medications are brought to Boys State, the delegate and the parent/guardian assume all responsibility and liability for the use and consumption of such medication for the expressed medical/physical problem for which the medication(s) are intended to be used.

The American Legion Buckeye Boys State program reserves the right for a delegate to be dismissed from Buckeye Boys State for the abuse or unauthorized use of any prescription or non-prescription (over the counter) medications(s) while in attendance at Buckeye Boys State.

NON-PRESCRIPTION (OVER THE COUNTER MEDICATION(S)) – DISPENSING OF:

If a Delegate in attendance at the American Legion Buckeye Boys State program, in the opinion of the Buckeye Boys State licensed Medical staff, requires the administration of non-prescription, over the counter medication(s) to alleviate the problem/condition for which the Delegate is being seen by the medical staff, the following policy applies:

The American Legion Buckeye Boys State licensed medical staff, in keeping with the provisions of the Association of Camp Nurses, will administer/issue/dispense such non-prescription, over the counter medications in accordance with the standing orders issued by a licensed physician in the Oxford area supporting the American Legion Buckeye Boys State program.

Such non-prescription, over the counter medication(s) may include, but not limited to: Tylenol, Advil, Benadryl, Pepto Bismol, Claritin, cough drops, and calamine lotion.

Such non-prescription, over the counter medication(s) will be administered/issued/dispensed under the direct supervision of the American Legion Buckeye Boys State licensed medical staff.

MEDICATION POLICY (continued)

All such non-prescription, over the counter medications will be administered/issued/dispensed in a manner consistent with any special medical needs of the Delegate (allergies, etc.).

EMERGENCY INFORMATION FORM

The Emergency Information form may be completed by a physician, physician's assistant or the staff of a "Minute Clinic" or similar facility.

Notary Publics will be on hand at Registration to notarize signatures on Emergency Information forms BUT the parent or guardian must be present in person.

If a Boys State delegate is seeking to have their parents/guardians notarized and the parent/guardian is not physically present at Registration, the Boys State Notaries CANNOT legally notarize any signatures.

IMPORTANT!!! PLEASE READ

Dear Parent or Guardian:

One of the forms to be downloaded by a Delegate at www.ohiobuckeyeboysstate.com as part of the online Buckeye Boys State Delegate packet is an "*Emergency Information*" form that must be completed and brought with him to Boys State.

The "*Emergency Information*" form must be turned in to the Boys State staff at the Millett Hall registration area when your son checks in on the opening day of the Boys State program.

To provide timely care for the young man assigned to the responsibility of the Boys State program, please note the following procedures when filling out the "*Emergency Information*" form:

1. To expedite treatment by the McCullough-Hyde Hospital in Oxford, your signature, as a Parent or Guardian must be on the form.
2. A copy of an Ohio High School Athletic Association sport physical, Boy Scout physical, or employment physical, if taken within the past school year may be attached to the "*Emergency Information*" form in lieu of having a health exam by a physician.

A physical performed by a physician's assistant, nurse practitioner or by the staff of a "Minute Clinic" or equivalent facility is also acceptable.

A copy of any physical will not be accepted in place of the "*Emergency Information*" form. The physical must be attached to the "*Emergency Information*" form and turned in at Registration.

In accordance with the Health Insurance Portability and Accountability Act (HIPPA) all "*Emergency Information*" forms will be kept in secured storage by the American Legion Buckeye Boys State office for six (6) years following the conclusion of Boys State and then destroyed by shredding.
